Superior quality, custom-designed

bring elegance and style into your home

Beautiful and functional, Plantation Shutters® bring elegance and style into your home. Offering experienced, personal service, Plantation Shutters® sets the standard. 100% locally crafted, their adjustable louvre, solid timber and security shutters offer a 5 and 12 year guarantee, respectively.

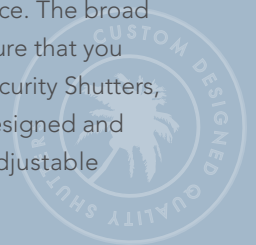

Superior quality, custom-designed Plantation Timber and Security Shutters

Since 2000, Plantation Shutters® has been working alongside acclaimed architects, designers and homeowners to create stylish interiors that add value to every home. We offer industry-leading custom-designed, adjustable louvre window and door shutters and dividers, made using only the finest solid hard wood timbers and aluminium. And because building and decorating deadlines are tough to meet, our efficient 21 working day turn-around, from order to installation, puts Plantation Shutters® in a league of its own. These custom-designed adjustable louvre shutters are crafted locally, so count on personal service and a swift response. A 5 year guarantee on the timber shutters, and 12 years on the security shutters, will give you peace of mind with genuine after sales service. The broad range of stains or customized colour options will ensure that you find the style best suited to your home. Plantation Security Shutters, which are suitable for indoor and outdoor use, are designed and manufactured to be the most stylish and strongest adjustable louvre security shutters in South Africa.
